End of Trimester 2: End of Trimester 2 is March 12th with finals for MS and HS students on March 11th and 12th. We are so proud of our students and are excited for the opportunities their academic success provides them! Please encourage your student to be well rested for finals.

In the Library--March 14th will be an exciting day for some very special elementary students. Six enthusiastic readers have taken up the Oregon Battle of the Books challenge and will be representing Triangle Lake at the regional competition. Wish them well!

Hi-Q: TL High School Students have the opportunity to match wits and knowledge with other Lane County Students at the LESD-sponsored Hi-Q tournament on March 18th. Go Lakers!

Opportunity: Talent Acts are being sought for a Grange-sponsored Talent Show to benefit the TL Food box program. Please contact Larry Avery for further information. 541-927-3552

Booster Auction: The Triangle Lake Booster Club hosts a BBQ Chicken Dinner and Auction the first Sunday of May (May 3rd). Proceeds from this event support TLCS athletics. Your involvement and donations are appreciated. Please contact Briannen or Cherie at the school.

Kindergarten Visitation/TLCS Lottery: Those seeking entry for the 2015-16 school year will want to note the dates above for Kindergarten Visitation and the June Lottery. Please contact the school office for further information.

Health Notice: We are still having illness in the student body that is, for some students, testing positive for strep. Symptoms may include sore throat, fever, spots or hives on the body and/or white patches on the throat, however, students are testing positive for strep without classic symptoms. If your student experiences lingering illness of any kind you may wish to request a strep test from your health care practitioner. We also have documented cases of the flu.
