

October 27, 2020

Dear Families, Staff, Students and School Community,

I hope this letter finds you all well and safe. Let me first start by saying how proud of our staff and wonderful it has been to work with them as we adjust and determine the best way to support your children in this unique and unprecedented school year. Also, thank you to our school community families that have been patient and supportive as we have learned and grown together in providing the best possible education during Distance Learning. We know that this is hard and not ideal, and we will continue to get better. We wish nothing more than to have our students back in the classroom and back on our campus. I am proud to be part of this district and school.

At the forefront of our decisions will continue to be the safety of our students, staff and families. Unfortunately, our county and state metrics have not improved as we had hoped at this point. They have actually increased and many districts in our county and the state have had to make changes to their instructional delivery due to outbreaks of COVID-19 confirmed cases.

Therefore, we will be continuing in Comprehensive Distance Learning for Term 2 of the school year. Term 2 begins on November 16th and goes through February 4th.

We will decide the learning model for the Term 3 during the 7th week of Term 2 (January 18-22).

I cannot tell you what the remainder of the school-year will look like, but I can promise you that we will continue to ensure that our focus will remain on the health and safety of our entire school community, and on the quality of education that you have come to know and expect from TLCS. As always, please reach out to myself or Ms. K with any questions or concerns.

Sincerely,

Adam Watkins, CAA
Superintendent
Blachly SD
